

Central PA-IT Summit
2009

Innovations and Opportunities in
Information Technology

You are invited to join an audience of Central PA Information Technologists and leading information technology organizations. The summit focuses on innovations & opportunities in information technology.

The summit is designed for Information Technologists, IT managers, and other professionals. World’s leading technology companies will be evangelizing their vision, products and ideas.

The summit is an opportunity for local professionals to network and learn about the innovations in the internet and “cloud computing” areas that are re-shaping the business of Information technology.
